

NOMINEE FOR DIRECTOR - PROFESSIONAL ASSOCIATION POSITION

KENNEDY AUMA

- I. Name _____
- II. Organization **ASSOCIATION OF PROFESSIONAL CODERS - KENYA** _____
- III. **Professional Background:** Founder & CEO of Medical Records Institute with 16 years' experience in Health Systems Management, Health Management Information Systems (HMIS) and a Health Informatics Fellow. Founder of *African Journal of Health Information Systems* (AJHIS). Previously I have been faculty in KeMU and UCLA MDI program. This led to exposure to a wide range of universities HMIS curricula reviews and expansive education management approaches. I have a Master in Health Systems Management (KeMU) and Certificate in Global Health Leadership Management (UW).
- IV. What are your key strengths for this position?
1. **Motivated Self-Starter**; I identify a gap and immediately strategize to fill it.

 2. **Possess easily transferable skills** in Organization, Conflict Resolution & Team Building

 3. **Proven ability** to work in difficult situations, Results Driven and a Strategic Thinker

 4. Able to **design** and **implement** strategic plans and develop high performing teams

 5. Ability to **multi-task**, and **manage projects** and **teams** with **varying specialties** by focusing on best practices, industry standards, protocols, and security requirements within projects methodologies and guidelines.

- V. **What contribution will you bring into Kenya Healthcare Federation?**
1. I will bring my **unique vision** to the Federation. I am experienced in the many areas related to KHF's current goals, including expanding international relations and Global Health. For example, I helped improve professional associations' rapport with CoG during the HRH strikes leading to ending of the strikes. I also introduced corporates who joined KHF when I served as Chair, HRH Committee at the Kenya Healthcare Federation.

 2. My current work experience includes **innovation** in many areas, including strategies for more effective teamwork and HMIS applications. As CEO of my company, I devised strategies for improving teamwork and communication among members of team projects. I bring my strength in HMIS policy formulation and practice into Kenya Healthcare Federation for data driven UHC implementation.
