

Championing the interests of our stakeholders through transformational advocacy and support

About Us

Kenya Healthcare Federation (KHF), is the **Health Sector Board of the Kenya Private Sector Alliance (KEPSA)**. Founded in 2004, the federation has 19 years of experience in the Healthcare Sector.

The Federation has **over 200+ members** consisting of Institutional/Trade Associations, Professional Associations & non - state healthcare organizations across several healthcare sub - sectors:

- Healthcare Service Delivery
- Healthcare Financing
- Supply Chain
- Advisory Services
- Health Technology
- Health Education

As a member of KHF, one has access to an advocacy platform and Health Projects, Partnerships and Engagements, Networking Opportunities, Patent Events, Trade Missions & Expos throughout the year and Regional Intergration.

Value Proposition

The Federation's value proposition supports the six building blocks of health systems, as specified by the World Health Organization;

Human Resources for Health

- Harmonization and regulation
- Neglected specialized cadres
- Fit for purpose market
- Task sharing
- Training

Healthcare Financing

- Roadmap to UHC
- Payer-Provider relationship
- Build on County Medical Plans
- NHIF engagement
- UHC Forum

Regulation, Quality & Standards

- Health Act analysis
- All Health related Acts
- Engagement structure
- Regulatory Boards/Councils
- Engagements with State Agencies

Digital Health

- Connect stakeholders
- Get to critical mass
- ICT Health Regulations
- Share knowledge & best practices

Supply Chain

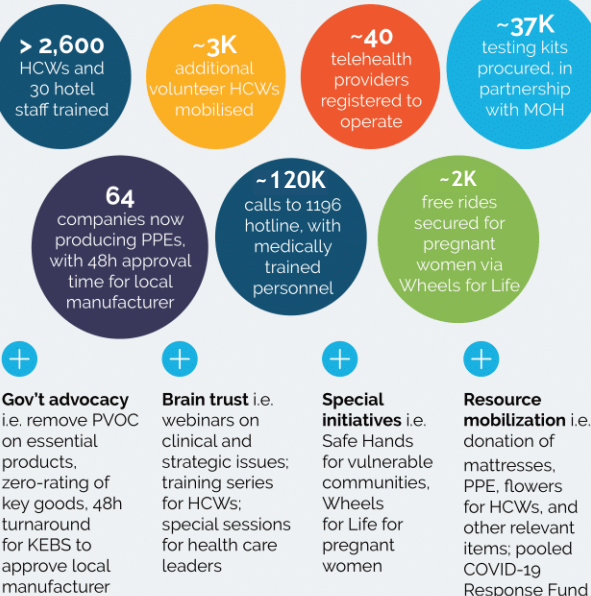

- Access initiatives
- Regulatory engagements
- Connecting with suppliers, manufacturers and end users
- Delivery and logistics

Public - Private Partnerships (PPP)

- Scaling up suitable PPPs
- PPPs Act
- County Engagements
- Public - Private Dialogues
- Foreign Trade Missions

Highlighting impact achieved to-date in partnership with the Government in COVID-19 Response

KHF is catalyzing efforts to strengthen healthcare capacity in Kenya, in partnership with government

KHF has extensive experience across four areas

Public-private partnerships (PPPs)

- Engage with Ministerial Stakeholder Forums (MSF) and County Stakeholder Forums (CSF) to educate counties on different financing schemes and to encourage innovation.
- Establish PPPs consultative engagements for members
- Engage with regulatory bodies (i.e on Medicine and supply)

KHF projects

- Catalyse action towards HRH, through coordinated advocacy efforts in Kenya (e.g. Multi-stakeholders Partnership Kenya)
- Promote projects, such as those providing training fees for medical students in-needed, targeting mid-level cadres (e.g. Afya Elimu Fund)

Partnerships

- Develop long-standing and mutually beneficial relationships with organizations, including Faith-Based Organizations, Non-Governmental Organizations, Regional Healthcare Organizations, Private Health Facilities and Foreign Trade Missions

Policy formulations

- Convene high-level stakeholder forums, such as with development partners, to discuss policy issues (e.g. Health Act 2017, Data Privacy Act 2019, Formulation of the E - Health Bill)

Organizational Goals

The Federation materializes its vision and mission through five key objectives...

- Initiate activities and programs that guarantee the sustainability and vitality of the Kenya Healthcare Federation
- Promote the role of the private sector as a key player in delivery of quality healthcare services in Kenya
- Engage with various government of Kenya agencies and other policy makers in the development of policies that promote delivery of quality healthcare services in Kenya
- Build the capacity of members and lobby for action in key thematic areas of health service delivery
- Facilitate, coordinate and undertake the publication and dissemination of the Annual Kenya Health Index

Opportunities for partners to support KHF's efforts

Sponsorship and partnership opportunities

Internal

Enabling KHF to continue driving impact across all areas

Knowledge sharing

Engaging Kenyans health sector leaders in KHF webinars

Training

Supporting KHF trainings in the six key thematic areas

Capacity Building

Providing pro-bono technical support on areas such as consulting

Funding

Donating funds to support filling in of skill gaps within the organization

External

Supporting specific areas in the various sub-sectors

Trade Partnerships

Support investment opportunities in Kenya

Donations and grants

Donating of medical products for Healthcare Workers which can be branded

Capacity building

Building capacity in non-state health facilities; infrastructure and medical staff training

Projects

Funding and grants for projects in health such as Mental Health, Emergency Transportation, System Strengthening, etc.
